

Michael Pack, C.P.

Michael Pack is an ABC certified prosthetist who has practiced in Arizona for the past thirteen years. In 1999 he founded Artificial Limb Specialists with his business partner Kevin Kohler. After receiving his degree from the University of Michigan, he pursued his degree in prosthetics at Northwestern University in Chicago. During his residency in Tucson, he specialized in acute care prosthetics, ischial containment socket designs, and upper extremity prosthetics. He specializes in myoelectric fittings of all levels and is certified by Otto Bock, Motion Control (Utah arm), Liberty Mutual, and Hosmer. He is C-leg and TEC Harmony certified. Michael has lectured at both the International Conference of Advanced Prosthetics (ICAP) and in the United Kingdom on his trans-humeral myoelectric fitting procedure
